

User Manual - Rock, Paper, Scissors Game

Introduction

This manual explains how to play the digital version of the game Rock, Paper, Scissors. Follow these steps to learn how to play and enjoy the experience.

Game Requirements

1. Updated web browser (Chrome, Firefox, Edge, etc.).
2. Internet connection (optional if the game is hosted locally).
3. Device with touch screen or mouse to select options.

Starting the Game

1. Open the game in your web browser.
2. On the first screen, choose whether you want to play against the computer or against another player.
3. Click on the 'Next' button to continue.

Player settings

1. Enter the names of the players.
2. Select the number of rounds you wish to play.
3. Click on 'Start Game' to begin.

Game play

1. The game will indicate whose turn it is.
2. Each player must select an option: Rock, Paper or Scissors.
3. If you are playing against the computer, it will select an option at random.
4. Once both players have made their choice, the result of the round will be displayed.
5. The scoreboard will update automatically.
6. Click on 'Next Round' to continue playing.

Round victory criteria

- Rock beats Scissors (breaks the scissors).
- Scissors beats Paper (cuts the paper).
- Paper beats Rock (wraps the rock).
- If both players choose the same option, the round is a draw.

Game Victory Criteria

Total rounds	Rules
One	The player who wins the round wins the game.
Three	The first player to win two rounds wins the game.
Five	The first player to win three rounds wins the game.
Seven	The first player to win four rounds wins the game.

End of the Game

- The game ends when the selected number of rounds has been reached.
- A message will be displayed announcing the winner or if there was a draw.
- You can play again by clicking on 'Play Again' or exit with 'Quit'.

'How to Play?' button

- To access this manual during the game, click on 'How to Play?'.
- A new window will open with this document in PDF format.
